Overview

With its 36 infrared LED, the **D20/VF** vandal proof dome camera can be used either in indoor or outdoor environments that has no light source at all. The installation process is simplified due to his adjustable 3-axis mechanism. This camera is also very versatile since it uses a 3.5-8 mm vari-focal lens. In all condition, the Sony high quality CCD will provide a crisp and clear image.

Technical characteristics

Model name	D20/VF
Image Device	1/3" color Sony CCD
Resolution	480 (color), 520 (B&W)
Lens	3.5 to 8 mm (infrared corrected)
Focus adjustment	Manual
Video Output	Composite
Infrared Device	36 IR-LED (850 nm) 6000 hours guaranteed
Illumination	25 meters range
Conformity	IP65: Totally protected against dust. Protected against low-pressure jets of water from all directions - limited ingress permitted.
Power Supply	12V DC, 750 mA
Power Consumption	9 W
Op. Temperature	- 20°C to 50°C

Models

D20/VF

Included accessories

3-axis mechanism
Power supply connector
